PREAMBLE

SEAQUAL operates SEAQUAL INITIATIVE. SEAQUAL INITIATIVE promotes circularity in coastal communities and fights plastic pollution by creating value in waste. SEAQUAL INITIATIVE is based on 4 pillars:

1- Upcycling PLASTIC MARINE LITTER and INDUSTRIAL MARINE PLASTICS: enabling the retrieving, collecting, and sorting of PLASTIC MARINE LITTER and INDUSTRIAL MARINE PLASTICS by engaging NGOs, fisheries, local communities, authorities, and waste management companies.

2- Engaging industries: engaging recyclers, manufacturers, and brands to transform PLASTIC MARINE LITTER and INDUSTRIAL MARINE PLASTICS into SEAQUAL MARINE PLASTIC and then into PRODUCTS.

3- Communicating: raising awareness of the plastic pollution issue by informing industries, lobbying authorities and educating and sensitizing society.

4- Inspiring consumers and communities: it is essential that consumers are aware that the product they are purchasing/receiving contains SEAQUAL MARINE PLASTIC and that they are supporting SEAQUAL INITIATIVE in its fight against marine litter.

SEAQUAL is not a FINAL PRODUCT brand. FINAL PRODUCTS using SEAQUAL MARINE PLASTIC as an ingredient shall be put on the market under the manufacturer's brand.

The sale of unbranded FINAL PRODUCTS is not permitted. A key objective of SEAQUAL INITIATIVE is to raise awareness of the issues facing our oceans and coastal communities, as such all parties involved in the supply chain, such as manufacturers, brands, distributors, and retailers shall mention SEAQUAL INITIATIVE in their marketing materials, such as web pages, social media, media press and merchandising.

The purpose of this Agreement is to ensure material traceability and to regulate the collaboration between SEAQUAL and LICENSEE, in particular, under which conditions they can use the SEAQUAL TRADEMARKS and SEAQUAL COPYRIGHT, in order to maximize the impact of SEAQUAL INITIATIVE.

In consideration of the mutual rights and obligations of the parties herein, LICENSOR and LICENSEE agree to the following trademark licensing terms and conditions:

 - iv. Sales of contract furnishing TEXTILES / NON-WOVEN TEXTILES to designers, architects and furniture manufacturers who are purchasing from stock for individual projects where the client is the end-user, and the TEXTILE is not part of the designer's, architect's or furniture manufacturer's standard fabric offering.

 - iii. Coatings, non-textile laminates and scrims are not included when calculating the percentage by weight.
 - iv. Textile components such as laces, woven labels, cords, straps, footwear insoles, zips etc. must be submitted for certification as a TEXTILE.
 - v. All TEXTILES made with SEAQUAL YARN must be certified as OEKOTEX, BlueSign or a similar internationally recognized certification.

- e) Ensure that the 'SEAQUAL Polymer Number' is always communicated to their customers either by clear labelling on the WOVEN PP BAG or by passing the number to the customer in writing (for example, by including the 'SEAQUAL Polymer Number' in the invoice). 12. TERM AND TERMINATION

- a) This Agreement is for a term of two years starting from the date of the Agreement. Prior to the end of the two-year period, LICENSOR will endeavour to contact LICENSEE with a view to renew the Agreement. If by the end of said period LICENSEE has not been contacted by LICENSOR, the Agreement will be deemed to have been renewed for a further two-year period. Either party may terminate the Agreement at any time upon sixty (60) days' prior written notice (voluntary termination). In the event of a breach of the Agreement by the other party, the Agreement may be terminated immediately and without prior written notice by the injured party.
- b) In case of voluntary termination by either party, LICENSEE can fulfil open orders and may continue distribution and sale of products bearing the SEAQUAL TRADEMARK or SEAQUAL COPYRIGHT which had been manufactured prior to the termination until full exhaustion of the stock of such products
