ANTONIO MORELLO

OXFORD

DV910

DV910-Oxford è una collezione executive che nasce da un'approfondita ricerca sull'evoluzione del lavoro contemporaneo. Un elemento d'arredo che genera un'alternanza di pieni e vuoti, rivelando preziosi dettagli funzionali e sofisticati equilibri proporzionali. DV910-Oxford propone scrivanie ad altezza fissa e regolabili in altezza. Il piano principale è formato da elementi rettangolari che giocano con la matericità delle finiture e, per una pulizia formale, possono essere scorrevoli e nascondere il cablaggio. La scrivania può essere corredata di un piano penisola circolare studiato come "guest area". Completano la collezione i contenitori di servizio, i tavoli riunione e l'armadio multifunzione che si presta sia in ambiente ufficio che domestico. Tutti gli elementi sono caratterizzati dallo stesso segno estetico: elementari geometrie basate su linee e forme essenziali che si intersecano tra loro e creano un insieme di grande eleganza.

V910-Oxford is an executive collection born out from in-depth research into the evolution of contemporary work. A piece of furniture that generates an interplay of solids and voids, revealing precious functional details and sophisticated proportional balances. DV910-Oxford offers fixed-height and height-adjustable desks. The main top is formed by rectangular elements that play with the texture of the finishes and, can become sliding tops to hide the cables. The desk can be equipped with a round peninsula top designed for the "guests area". The collection is completed by service storage units, meeting tables and a multifunctional cabinet that is suitable for both office and home environments. All the elements are characterized by the same aesthetic sign: elementary geometries based on essential lines and shapes that intersect with each other and create a set of great elegance.
