VIGO

DV913

DV913-Vigo è un sistema d'arredo direzionale concepito per conferire personalità allo spazio ufficio, un habitat professionale all'insegna della tecnologia e del comfort, flessibile e aperto agli spazi condivisi. Nella concezione di ufficio direzionale, la scrivania DV913-Vigo è un'opera d'architettura in scala ridotta, minuzioso elemento di design in cui gli importanti spessori e finiture materiche caratterizzano i piani di lavoro. Le strutture delle scrivanie mettono in evidenza la particolare composizione tra la gamba portante e il telaio in alluminio. Il contrasto scultoreo di pesi e di volumi identifica a pieno lo spirito che anima la collezione DV913-Vigo.

DV913-Vigo is an executive furniture system designed to give distinctive personality to the office space, a professional environment under the banner of technology and comfort, flexible and ideal for open spaces. In the executive office concept, the DV913-Vigo desk is a small-scale work of architecture, a minimalist design element where the significant thicknesses and material finishes characterize the worktops. The desk structures highlight the special design between the leg and the aluminum frame. The contrast between weights and volumes fully identifies the spirit that drives the DV913-Vigo collection.

Scrivania con penisola sx L 285 P 130 cm
Piano scrivania: melaminico rovere scuro sp. 50 mm
Gambe pannellate: melaminico nero opaco soft touch L 10 cm
